

In August 2014, 75 jihadi and Marxist organizations sent a letter to President Obama's Homeland Security and Counterterrorism Advisor, Lisa Monaco, calling for the administration to silence Understanding the Threat (UTT) President John Guandolo and shut down UTT's training programs. The enemy knows UTT is putting rounds on target in this war, and that is why they work to shut UTT down and why jihadis continue to threaten Guandolo & UTT team members.

As an FBI agent in the Counter-Terrorism Division, John Guandolo implemented the government's first training program on sharia (Islamic Law), the Muslim Brotherhood and other Islamic networks in the U.S., and how police/federal agents can use this information to dismantle these networks (August 2006).

After being recruited out of the FBI by the Department of Defense at the end of 2008, John Guandolo was paired with Stephen Coughlin, who worked for General Pace, Chairman of the Joint Chiefs of Staff, to conduct strategic analysis of the Islamic threat under Richard Higgins inside the Department of Defense. Higgins served as the Director of Strategic Planning for the NSC under the Trump administration before being pushed out by the former National Security Advisor H.R. McMaster for speaking truth about the Islamic & Marxist threats to America.

Guandolo and Coughlin briefed: numerous members of Congress including the Chairmen of the Homeland Security, Intelligence, and Judiciary committees; several three and four star generals/admirals; former Directors of the FBI, CIA, and DIA as well as one former National Security Advisor; and a number of other government officials. *None of these people were aware of the information presented about the domestic Islamic networks nor their ideology/doctrine at the time they were briefed.*

John Guandolo & UTT have a proven record of success. Here are just a few examples:

1. In November 2010, Members of Congress were briefed - with great specificity - about the Muslim Brotherhood's coming revolution which came about exactly as briefed in January 2011. No one else on the planet predicted/briefed these events.
2. UTT's President John Guandolo worked with Senator Jeff Sessions prior to the 2016 election and provided Mr. Sessions information identifying a man working inside Mr. Trump's campaign as a jihadi. Because of this information and UTT's efforts, that jihadi was removed from the Trump camp, and a second jihadi was prevented from getting in.

3. Attendees of UTT training programs - including FBI Joint Terrorism Task Force agents/officers - report to UTT at the end of training courses they (1) were NOT aware of the information prior to the program, yet (2) the information is "*critical*" for protecting their communities.
4. According to prosecutors and law enforcement officials in Arizona and Louisiana, two cases involving jihadis were initiated and prosecuted as a direct result of UTT's training and consultation in the last two months (mid-January to mid-March 2019). Additionally, UTT's training/consulting are responsible for an Al Qaeda operative being located, the prevention of new jihadi organizations being established, and a greater awareness of the Islamic threat throughout the United States.
5. In July 2019, two graduates of UTT's Train the Trainer program led hundreds of citizens in the effort to reinstate the pledge of allegiance at St. Louis City Council meetings - Minneapolis, Minnesota area - after Congresswomen Ilhan Omar met with city council members to convince them to stop saying the pledge because it is "offensive" to immigrants. Not only did the UTT grads get St. Louis park to reinstate the pledge, but two other city councils reinstated the pledge as well.

Currently, UTT is the only organization in America giving tools to citizens, police, and local/state officials to identify and dismantle hostile jihadi and Marxist networks in their locales.

UTT is also the only organization in America which has created a strategic plan for victory in this war against the Islamic and Marxist Counter-States in conjunction with Coughlin and Higgins.
